The Beaufort Garden Club is having a birthday, and they want to give YOU a present! To celebrate their 85th anniversary, The Beaufort Garden Club, in conjunction with the National Garden Clubs Plant America project, is giving away 85 Redbud tree saplings.

These native trees will grow into beautiful and carefree additions to your landscape. You know that spring is here when these lovely trees begin to blossom.

You can pick up one of these free trees at the Gazebo at the Port Royal Farmers' Market on Saturday, February 29th, from 9 am until noon. One to a family, please, until they're gone.
